PERSONAL.—Miss Mildred Lee, who left the United States in January for a voyage to the West Indies and South Africa, on her return left the steamer at Charleston, S. C., for a visit to the exposition. Miss Lee will probably be in Charleston for Colonial Day, February 12.

Mr. E. L. Leach has returned from a visit to friends in Richmond. Miss Tillie May Allen is quite ill of pneumonia at the home of her parents on Henry street. The condition of Mrs. Ida M. Adams is improving. Mr. Lee Genzberger, upon whom an operation was performed for hernia at Georgetown University Hospital recently will return to that institution next week, and it is feared he will be compelled to submit to another operation.

Mrs. Mary E. Brawner is ill with pneumonia at her home on south St. Asaph street.

LEGISLATION FOR SEPARATE CARS.—Mr. James R. Caton, Delegate to the Legislature from this city and county, has prepared a substitute for the bill recently introduced which was intended to make it compulsory upon electric railway companies in Virginia to furnish separate cars for white and colored people. The object of the new bill is to correct the letter of the law in the one he previously offered, as that provided that all electric railroad "companies" should be amenable to the purposes of the statute. It seems that some roads are not operated by railroad companies but by development organizations and other corporations. The new bill embraces the letter as well as the spirit of the law, and is entitled "A bill to require all companies, or corporations, person or persons operating electric railroads or railways to provide separate cars for white or colored persons." The maximum fine for violation of the provisions of the bill is fifty dollars; the minimum twenty-five.

POLICE COURT.—Affairs at the station house are still quiet. The police on duty last night had nothing special to report when relieved this morning. There were but two cases on the docket this morning—that of Malina Swallow, who had been charged with abusive language toward a female acquaintance, and a man named John Cavanaugh, who had been arrested on the charge of vagrancy. The Swallow woman was dismissed; the complaint failing to appear and Cavanaugh was fined \$10, but judgment was suspended until Monday, the prisoner promising to leave the city by that time. Cavanaugh was arrested several weeks ago for assaulting a woman in a north Lee street resort. He was fined and, at the woman's request, was ordered to keep away from the premises. He has not done so, however, and this morning he was arrested for defiance of the Mayor's orders. Cavanaugh came here recently from Baltimore.

SHOES STOLEN.—Thieves entered a car on the Western Southern Railway last night and stole a box of shoes. The car was standing in the yard near the bridge. The shoes were taken from two boxes in which each pair had been packed, these two pairs being left in the car.

BOHEMIAN GIRL.—The production of "The Bohemian Girl" by "Sharp and Felt" next Monday and Tuesday evenings will doubtless be a great success. The music is by Franz von Suppe, the best of the best, the foreign talent has been well spoken of and the choruses are excellent. Of the home talent, to say that the parts of Arline and D. V. L. hoof are filled by Miss M. L. Greenwell and Mr. George H. Evans, respectively, assures its success. To Mrs. W. O'Brien, the musical director, is due the success of the various operas presented by this organization during the past five years of its existence, and the untiring efforts she has put forth during this period to give the best music possible and in the best manner, have been appreciated by the music-loving citizens of our town.

THE LIGHT INFANTRY.—The net proceeds of the fair recently held for the benefit of the Alexandria Light Infantry will reach about \$1,500. This will aid considerably in enabling the company to reduce a mortgage of \$2,000 which the command was forced to give some time ago for their armory. It is said the company will in the near future appeal to Council for an appropriation of \$500 in order that the entire indebtedness can be cancelled. The members claim that the organization is an essential institution of this city, that it is ever ready to assist the authorities in time of need, and that its existence in the community is a deterrent to would-be evil doers.

THE RIVER.—The supplementary cold wave of last night hardened the ice in the river, although a part of the channel off this city remained open. The break of clear water extended for some distance up and down, or until it strikes the curves in the channel where ice still clogs, one sheet being piled upon another by the tide. The Norfolk steamer and the Estelle Randall are the only boats now running. The steamer Norfolk reported encountering a fierce northwest wind on her way up the river last night. She reached here on time, however.

SATISFACTORY TEST.—As was stated in the Gazette the Columbia fire engine, which was recently rebuilt at Seneca Falls, N. Y., was tested yesterday afternoon and found to be in excellent condition in every particular. A large number of persons gathered at the foot of Prince street to witness the test. Many members of the fire department were among the spectators. Some city officials were also present.

ALARM OF FIRE.—The alarm of fire about half-past seven o'clock last night which brought out a slight fire, the result of a defective fuse in the house occupied by Mr. Charles Hollet, 718 north Columbus street. The flames were extinguished with chemical extinguishers before any damage was done.

How to Cure Croup.

Mr. R. Gray, who lives near Annapolis, Duchesne county, N. Y., says: "Croup is a child's enemy. I have used it in a few children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croupy cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by Richard Gibson, druggist.
